## ORI & NVFC's Partnership with Operation Respond

NVFC is partnering with the not-for-profit Operation Respond Institute, Inc. (ORI), developer of the Operation Respond Emergency Information System (OREIS™) software for on-scene emergency responders. The partnership focuses on enhancing the all-hazards capabilities of volunteer firefighters and EMS personnel during emergency responses.

## OREIS™ Mobile: Wireless Incident Information for Fire and EMS

Operation Respond and Sprint Nextel are offering NVFC members OREIS™ Mobile, the wireless version of OREIS™, together with AccuWeather.com Premium v4.0. This new, all-hazards wireless suite is being made available on the Sprint Nextel BlackBerry® Curve™ 8330.

OREIS™ Mobile contains quick, accurate response guidance for dealing with specific hazardous materials, and includes AccuWeather's severe weather monitoring and alert capabilities. This unique application will enable fire and EMS personnel dealing with hazardous materials and other incidents to quickly and independently download vital lifesaving information in the field.
